My Type 4 Hair Month — Sample Routine

FREE CALENDAR · A SAMPLE MONTH, TO ADAPT TO YOUR HAIR

SCHICGIRL

	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
WEEK 1	 Monthly measurements + photo, spritz	 Spritz + 3-min scalp massage	 Spritz + curl refresh	 Spritz + scalp massage	 Spritz · evening: pre-poo + twists	 WASH DAY: gentle shampoo + deep condition + L.O.C.	 Spritz + style for the week
WEEK 2	 Spritz + sealed ends	 Spritz + scalp massage	 Spritz + refresh	 Spritz + scalp massage	 Spritz · evening: pre-poo	 WASH: co-wash or rhassoul + strength mask	 Spritz + check your edges
WEEK 3	 Spritz + sealing	 Spritz + scalp massage	 Spritz + refresh	 Spritz + scalp massage	 Spritz · evening: pre-poo	 WASH DAY: gentle shampoo + deep condition	 Spritz + style / rest
WEEK 4	 Spritz + sealing	 Spritz + scalp massage	 Spritz + refresh	 Spritz + scalp massage	 Spritz · evening: pre-poo	 WASH: alternate + strength mask OR deep condition	 Compare this month's photos 📷

Hydration — light spritz + sealing — daily if very dry, otherwise every other day. Listen to your hair.

Pre-poo — coconut + olive oil the night before washing, finger-detangle

Wash day — gentle shampoo OR co-wash/rhassoul alternating, in sections

Deep conditioning — 30-45 min under a cap, every week

Strength mask — max 1x/2 weeks, then re-moisturize

Scalp massage — 3 min, fingertip pads, 2-3x/week

Curl refresh — light mist + scrunch, never soak

Protective style — install / check / rest your edges

Protected night — satin or bonnet, EVERY night (non-negotiable)

Monthly check-in — measurements + photo (Growth Log sheet)

This is a SAMPLE: move wash day to fit your week, space the spritz and treatments out if your hair is fine or low porosity, bring them closer if it is very dry. What matters is not the perfect day — it is the steady rhythm. 🌟 Track YOUR version with the Tracker Pack, and build your full routine with **How to Build My Hair Routine**.

Low porosity — Sample month

WATER-RESISTANT HAIR · HEAT + LIGHT PRODUCTS

SCHICGIRL

	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
WEEK 1	 Measure + photo, light spritz	 Scalp massage 3 min	 Very light refresh	 Scalp massage	 Eve: light-oil pre-poo	 WASH: gentle clarifying shampoo + deep condition WITH HEAT + light LOC	 Style + light spritz
WEEK 2	 Light spritz + light seal	 Scalp massage	 Light refresh	 Scalp massage	 Eve: light pre-poo	 WASH: light co-wash + deep condition with heat	 Spritz + check your edges
WEEK 3	 Light spritz	 Scalp massage	 Light refresh	 Scalp massage	 Eve: light pre-poo	 WASH: clarifying shampoo (anti-buildup) + deep condition heat	 Spritz + style
WEEK 4	 Light spritz	 Scalp massage	 Light refresh	 Scalp massage	 Eve: light pre-poo	 WASH: gentle + deep condition with heat	 Check-in: compare your photos

Heat helps — deep condition under a heat cap or warm towel, on damp hair.

Hydrate light, ~2x/wk — too much product just sits on top and builds up.

Clarify every 2 wks — buildup blocks water from getting in.

Low porosity = tight cuticles that resist water. Apply your care on WARM, damp hair, use heat, keep products light. Less product, better absorbed.

Medium porosity — Sample month

THE BALANCED RHYTHM · HYDRATE EVERY OTHER DAY

SCHICGIRL

	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
WEEK 1	 Measure + photo, spritz	 Light refresh	 Spritz + scalp massage	 Light refresh	 Eve: pre-poo	 WASH: gentle shampoo + moisturizing deep condition + LOC	 Spritz + week's style
WEEK 2	 Spritz + seal your ends	 Light refresh	 Spritz + massage	 Light refresh	 Eve: pre-poo	 WASH: light protein + re-moisturize + LOC	 Spritz + edges
WEEK 3	 Spritz	 Light refresh	 Spritz + massage	 Light refresh	 Eve: pre-poo	 WASH: gentle shampoo + moisturizing deep condition	 Spritz + style
WEEK 4	 Spritz	 Light refresh	 Spritz + massage	 Light refresh	 Eve: pre-poo	 WASH: moisturizing deep condition + LOC	 Check-in: compare your photos

Hydrate every other day — spritz + seal; refresh on the days between.

Moisturizing deep condition weekly — 30-45 min under a cap.

Light protein 1x/month — keeps strength and softness, then re-moisturize.

Medium porosity = the simplest rhythm. Hydrate every other day, wash and deep condition weekly, light protein once a month. Listen to your hair and adjust.

High porosity — Sample month

DRINKS FAST, LOSES FAST · HYDRATE OFTEN + SEAL RICH

SCHICGIRL

	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
WEEK 1	 Measure + photo, spritz + seal	 Spritz + seal (butter/oil)	 Spritz + scalp massage	 Spritz + seal	 Eve: nourishing pre-poo	 WASH: creamy shampoo + moisturizing deep condition + cool ACV rinse	 Spritz + seal + style
WEEK 2	 Spritz + seal	 Spritz + seal	 Spritz + massage	 Spritz + seal	 Eve: pre-poo	 WASH: protein treatment + re-moisturize + cool ACV rinse	 Spritz + seal + edges
WEEK 3	 Spritz + seal	 Spritz + seal	 Spritz + massage	 Spritz + seal	 Eve: pre-poo	 WASH: creamy shampoo + deep condition + cool ACV rinse	 Spritz + seal + style
WEEK 4	 Spritz + seal	 Spritz + seal	 Spritz + massage	 Spritz + seal	 Eve: pre-poo	 WASH: moisturizing deep condition + cool ACV rinse	 Check-in: compare your photos

Hydrate often (daily) — hair loses water fast, keep giving it back.

Seal rich — thick butters and oils (shea, castor) on damp hair.

Close the cuticle — diluted ACV rinse + cool water; regular protein.

High porosity = hair drinks fast but loses fast. Hydrate often, seal with richer butters, alternate protein and moisture, and close the cuticle with cool water or diluted ACV.

Hydration every other day — Sample

ONE DAY YOU HYDRATE, THE NEXT YOU LET IT REST

SCHICGIRL

	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
WEEK 1	 Hydrate: spritz + seal	 Rest / light refresh if needed	 Hydrate: spritz + seal	 Rest / light refresh	 Hydrate · eve: pre-poo	 WASH: gentle shampoo + deep condition + LOC	 Rest + satin
WEEK 2	 Hydrate + seal	 Rest / refresh	 Hydrate + massage	 Rest / refresh	 Hydrate · eve: pre-poo	 WASH: light protein + re-moisturize	 Rest + satin
WEEK 3	 Hydrate + seal	 Rest / refresh	 Hydrate + seal	 Rest / refresh	 Hydrate · eve: pre-poo	 WASH: gentle shampoo + deep condition	 Rest + satin
WEEK 4	 Hydrate + seal	 Rest / refresh	 Hydrate + seal	 Rest / refresh	 Hydrate · eve: pre-poo	 WASH: moisturizing deep condition + LOC	 Check-in: monthly photo

ON day — hydrate (water leave-in) + seal. **OFF day** — let it rest.

In between — light refresh only if needed, never soak it.

Satin every night — bonnet or pillowcase: keeps the moisture till morning.

The 'every other day' rhythm suits most normal-to-dry hair. Too dry? go daily. Fine hair or low porosity? space it to every third day. It's a starting point, not a rule.

Protective-style month — Sample

BRAIDS / TWISTS / WIG · PROTECT WITHOUT NEGLECTING

SCHICGIRL

	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
WEEK 1	 WASH + deep condition BEFORE install	 Install the style (not too tight)	 Diluted root mist	 Massage + light scalp oil	 Root mist	 Light scalp cleanse	 Gentle edges + satin
WEEK 2	 Diluted root mist	 Massage + light scalp oil	 Root mist	 Light length refresh	 Root mist	 Scalp cleanse (diluted shampoo / witch hazel)	 Edges + satin
WEEK 3	 Diluted root mist	 Massage + light scalp oil	 Root mist	 Light refresh	 Root mist	 Scalp cleanse	 Edges + satin
WEEK 4	 Root mist	 Light scalp oil	 Root mist	 Eve: pre-poo before take- down	 TAKE-DOWN: detangle under conditioner	 Clarify + deep condition	 Rest: let the scalp breathe 2- 3 days

Satin every night — bonnet or scarf, protects the style and your edges.

Diluted root mist 2-3x/wk + light oil: keeps the scalp alive.

Cleanse the scalp weekly — diluted shampoo or witch hazel, dry well.

With protective styles, protecting ≠ neglecting. Keep the scalp clean and moisturized, the style light (especially at the edges), and don't go past 6-8 weeks. At take-down: detangle with conditioner, clarify, deep condition, and rest before the next install.
